***MECHANOSENSORS:  
FROM BIOLOGICAL TO BIONIC SYSTEMS***

**30 March - 3 April 2008**

**Hotel "Eden Roc"  
Sant Feliu de Guixols, Girona, Spain**

**1<sup>st</sup> Announcement**

## Topics

- Biological Mechanosensory Systems
- Fluid Dynamics
- Modelling of System Dynamics
- Artificial Sensors
- Robotics

## Target group

The Summer School addresses PhD students and young researchers, as well as newcomers in the field of Mechanosensor Systems and will afford an opportunity for establishment of scientific and personal contacts between the participants.

Well-known experts in the scientific disciplines of the School will give the lectures. Notes will be published by the organizers and distributed to the participants in both printed and electronic form.
